

Kisses from Lucy

We will not have the opportunity to

Thank Everyone

*individually so please enjoy a cupcake as a small token of our appreciation for all that everyone has done for **Lucy** these past two years.*

She has developed so much from the 'baby' she was and we are so pleased with her progress.

You have changed her life and ours. It takes very special people to work with kids with challenges.

You are all angels in our eyes and we are so fortunate to have gotten to know many of you.

Kohler is truly a special place and it is because very special people work there.

We wish everyone the best and please keep in touch.

Joelene and Joe
